

Someday, in the comfort of your home, you'll be able to shop and bank electronically, read instantly updated newswires, analyze the performance of a stock that interests you, send electronic mail across the country, then play Bridge with three strangers in LA, Chicago and Dallas.

Welcome to someday.

Someday is today with the CompuServe Information Service. CompuServe is available through a local phone call in most major U.S. cities. It connects almost any brand or type of personal computer or terminal with our big mainframe computers and data bases. All you need to get started is an inexpensive telephone coupler and easy-to-use software.

CompuServe's basic service costs only \$5.00 per hour, billed in minute increments to your charge card.

The CompuServe Information Service is available at many computer stores across the country. Check with your favorite computer center or contact CompuServe.

Welcome to someday.
